

## Textured Jacquard Jacket

This is a stylish, short jacket distinguished by its **complex woven texture** and relaxed fit.

- **Style and Fit:** The jacket is a **short, hip-length jacket** with a straight, boxy silhouette. It features a sharp, pointed collar and a concealed or minimal front closure. The shoulders have a natural, unstructured look.
- **Color and Texture:** The fabric is the most notable feature: a **jacquard weave** creates a repetitive, small-scale **patterned texture** (appearing like a mini houndstooth or zig-zag). The color is a muted **brown or taupe-gray** that changes subtly depending on the light, thanks to the woven pattern.
- **Aesthetic:** The jacket provides a sophisticated blend of texture and tailored style, making it a versatile piece for elevated casual or transitional weather wear.
