

Puffer Jacket

This is a **technical, cold-weather jacket** designed for superior warmth and protection.

- **Style & Fit:** It is a **quilted (puffer) jacket** with a hood, a central zipper closure, and a structured fit. It is waist or hip-length.
- **Color & Material:** The color is solid **black**. The filling consists of **80% down and 20% feather**, providing excellent insulation.
- **Technical Features:** The key selling points are its weather resistance: it is **Water Repellent** (repels water on contact), **Wind Resistant** (provides good protection against wind penetration), and **Breathable** (keeps sweat away during intense activity).
